Dear Friends and Neighbors,

TROY: A place where we work; a place where we play; a place where we live.

TROY: A place we choose to call home.

All too often we hear “give locally,” “donate,” or “help now.” While these might sound like simple slogans, some people find the decision of where to direct their giving is not simple. How do we choose a charity that is responsible, both in mission and with donations? How do we choose a charity that is needed in the community? How do we choose a charity that makes our community stronger? It is easy – we choose the United Way.

The United Way helps us do all of those things by partnering only with those organizations that have demonstrated that they are needed in the community, are responsible stewards of the money given to them, and make our community stronger. These organizations are part of what makes Troy the place we choose to call home. Giving to United Way provides needed resources to 29 community partners, not only the ones that provide access to food and medical services for the needy; but also that provide affordable latch key programs, services for the deaf, and recreational & community centers for the young and old. For a complete list of organizations and their descriptions that are supported by United Way please go to www.unitedwayoftroy.org.

“I am who I am today because of the choices I made yesterday.”

Eleanor Roosevelt

We appreciate those of you who have donated in the past, for it is due to your generosity that makes many of us proud to call Troy home. Thanks to everyone for choosing to support the United Way and for making Troy your place to work, play, live, and donate.
